FOR IMMEDIATE RELEASE:

Park Community Credit Union to Light Headquarters Blue

Louisville, KY, (March 29, 2018) – To help create awareness for Autism Park Community Credit Union will be bathing their headquarters in blue lights during the week of March 30th - April 6th. April is Autism Awareness Month, and we want to show our support for those on the Autistic Spectrum and - for FEAT (Families for Effective Autism Treatment) of Louisville.

Park Community has achieved the 'Level 2' Autism Friendly certification with FEAT of Louisville. Park Community Credit Union is the only financial institution in the state to attain this level of certification. All of the Park Community Credit Union locations have been equipped with a sensory box to be used when individuals with Autism come to the branches. The sensory box contains items to help calm individuals with Autism when they are in public facilities and make them feel more comfortable.

In November, Park became the first financial institution to receive their 'Level 1' certification. To achieve this certification, all of the employees viewed an informational video then answered a series of questions based on the video. This ensured that the credit union employees were given the tools necessary to recognize the signs and actions of someone with autism and appropriate ways to respond.

Park Community plans to achieve the 'Level 3' designation before the end of the year. At that time Park Community will be in a position to hire individuals who are on the autism spectrum.

Park Community strives to improve the lives of their members, their community, and their employees. This is just one more way the credit union is working to help improve our community.

####
